HELP SUPPORT A VERY WORTHY CAUSE.

Turnstone's programs and services enable people with disabilities to live life to its fullest. Founded in 1943, Turnstone Center for Children and Adults with

Disabilities began as an educational program with volunteers teaching six children in one room of a house. Since those modest beginnings, the agency has expanded to serve more than 2,200 individuals and their families annually at its state-of-the-art facility or through in-home services.

Throughout six decades of growth, Turnstone has stayed focused on enhancing the lives of people with physical disabilities and their families. Turnstone educates, advocates, and builds skills, enabling people with disabilities to gain greater self-sufficiency and independence. Turnstone is a primary provider of therapeutic, recreational, educational, and support services to individuals with physical disabilities and their families in northeast Indiana and northwest Ohio. Governed by a dynamic board of community volunteers and staffed by highly trained, caring professionals, the agency has a reputation for compassion and commitment.
